
Don't Miss The

Fourth Annual

Phenology Research and Observations of Southwest Ecosystems (PROSE) Symposium

USA National Phenology Network (USA-NPN) &
SW Region, American Society for Photogrammetry & Remote Sensing (SW-ASPRS)

Friday, October 1st, 2010*

Santa Rita Room, Student Union Memorial Center, University of Arizona, Tucson, AZ
Program starts at 8:30 (onsite registration 8:00), ends at 5:00

Invited Speakers

Dr. Rafe Sagarin, Assistant Research Scientist, Institute of the Environment, University of Arizona
Observational Ecology and Phenology in an Era of Global Change

Dr. Gary Nabhan, Research Professor / Social Scientist, Southwest Center, University of Arizona
Citizen Science, Ethno-Phenology, and Climate Change

Be sure to **Register for the Conference ...**
...so that we know how many lunches to order!

<https://www.asprs.org/southwestus/regform/>

Registration fee (cash or check at the conference; includes lunch):

\$20 regular, \$10 students; \$0 student presenters

For more information, go to <http://www.asprs.org/southwestus/html>

Program Committee: Cynthia Wallace (cwallace@usgs.gov, USGS, ASPRS), Michaela Buenemann (elabuen@nmsu.edu, New Mexico State University, ASPRS), Theresa Crimmins (theresam@u.arizona.edu, University of Arizona, USA-NPN), Willem van Leeuwen (leeuw@ag.arizona.edu, University of Arizona, ASPRS)

*The symposium is coordinated in conjunction with the Research Insights in Semiarid Ecosystems (RISE) Symposium (<http://www.tucson.ars.ag.gov/rise>), to be held Saturday, October 2nd, 2010.
